Esame 7/6/2017

Topics for practical exam (one out of three will be drawn at random 24 h before the exam.) The exam consists of an interactive, group discussion on the topic chosen, lasting approximately 30 minutes for a group of 4. The emphasis is on discussion and interaction so there is no time for Powerpoint or similar presentations, although a printed outline of your ideas on the topic might be useful for the examiners.

Topic number one

There is much talk about multi-cultural societies. With reference to the English speaking world, how would you present this topic to a 5th year class, liceo linguistico, at approximate level CEFR B2? If you wish, you can refer to literature or current affairs to illustrate your ideas.
